

Weller® WR 3M-WRK *new* next generation highest level SMT Work Station for prototyping & reworking

Connects to Vacuum inlet on Control Unit for lifting QFPs & PLCCs gently without any damage to SMD pads

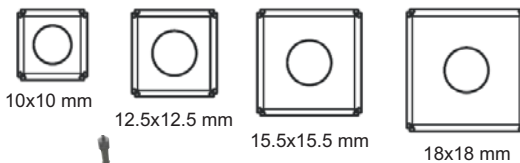

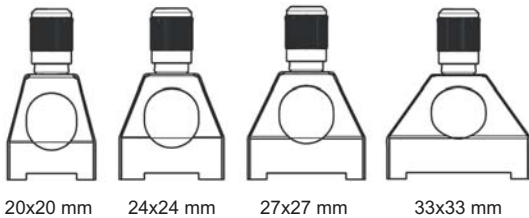

HAP 200 Hot Air Pencil provides Static Free hot air

WR3M-WRK System Package includes

- WR3M Main Control Unit
- HAP200 Hot Air Set
- DXV80 Desoldering Iron Set
- WSP80 Soldering Iron Set
- WRK Nozzles Set (Optional)
- WMRT Thermal Tweezers Set

Innovative Hot Air Nozzles integrated with Vacuum Pick-up provision are placed directly on the PCB, and desolder QFPs, PLCCs & SOICs by hot air reflow and gentle vacuum lifting

new 200 watt powerful HAP 200 Hot Air Pencil is designed for use with new WRK Set of Hot Air Nozzles integrated with Vacuum Pick-up

in-built Antistatic Vacuum Pick-up Pen picks and places delicate SMD ICs

- 3 independent Heating Channels for:
- new 200 watt powerful Hot Air Pencil
 - Silverline 80 watt Soldering Pencil
 - in-line 80 watt Desoldering Pencil

- 2 in-built Powerful Vacuum Pumps**
- one for hot air and vacuum suction
 - second for vacuum pick-up functions

In-built USB Port for interface with customer's computer Software is part of supply

Air outlet for new 200 Watt Hot Air Pencil

Powerful vacuum inlet for in-line vertical Desoldering Pencil

"ESD" Safe

In-line powerful DXV 80 Desoldering Pencil desolders Thru-hole components on high multi-layer PC boards and heavily grounded PC boards effectively

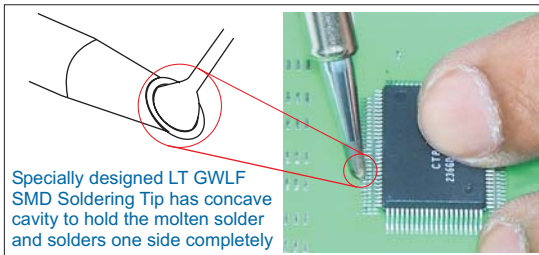

Silverline WP 80 Soldering Pencil solders ultra fine pitch large SMD ICs reliably and without any bridges

In-built 2 Vacuum inlets for Vacuum Pick-up Pen and for Vacuum Pick-up integrated Hot Air Nozzles

Optionally available high speed WMRT Micro Tweezer desolders micro miniature chips as small as 0402

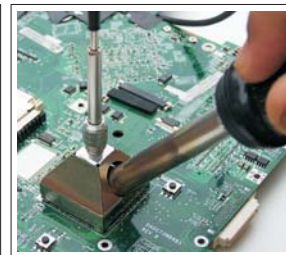

Specially designed LT GWLF SMD Soldering Tip has concave cavity to hold the molten solder and solders one side completely

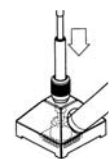

WP 80 Soldering Iron

DXV80 Soldering Iron

HAP 200 Hot Air Pencil

In-built vacuum suction in Hot Air Nozzles lifts large SMD ICs gently.

Specifications are subject to change without notice.

1-Stop Shop for hi-quality Imported **Weller** (German) BGA/SMD/PTH Desoldering & Soldering Stations and Bits/Spares, R&D/Production/Field Repair Tool Kits, ESD Safe Products, Illuminated Magnifiers, SMD & PTH Cutting Pliers/Tweezers/Assembly Aids
